\$10.00 REWARD.

So many complaints have been made by subscribers of having their paper stolen that THE REPUBLICAN will give a reward of \$10.00 for information leading to the arrest and conviction of any person caught stealing this paper from the yards or streets of subscribers.

SILVER, COPPER AND LEAD.

Silver was quoted yesterday at 97 1/2 per ounce; copper at \$12.75 per 100 pounds, and lead at \$4.30 per 100 pounds.

TARIFF PICTURES.

"If we do not buy of other nations we cannot sell to them," constantly cry the free traders. Well, in 1860 we sold to foreign nations products worth

\$136,000,000.

In 1890, after thirty years of protection, we sold products worth

\$45,000,000.

Next Sunday's issue of THE REPUBLICAN will be eight pages. Don't fail to get it.

PINAL sends a solid Republican delegation to the Constitutional Convention, likewise PIMA.

The Democratic nominee from Mohave county to the Constitutional Convention will be named Dennis, anyway. You put it.

It will be a cold day for a certain class of individuals generally, stigmatized through their maternal descent, before the summer is over.

ATTORNEY-GENERAL HERRING and Hon. George Cheyney were chosen by good majorities to attend the Constitutional Convention from Cochise.

The Silver Belt steadily opposes Statehood. There is one thing about the Silver Belt, it is at all times consistent, which a great many papers are not.

The public is herewith formally notified that W. H. Gill has been discharged from THE REPUBLICAN—for cause, and is in no manner, shape or form connected with the paper.

The Prescott Courier thought Yavapai was Democratic and should send Democratic representatives to the Constitutional Convention. That was where the Courier and the people diverged.

The Governor of Oregon went out to meet the President of the United States just the same as if he hadn't said he wouldn't. He could not afford to make a fool of himself a second time by actually doing as he said he would.

Our highly esteemed contemporary of the gloaming, to-wit: the Herald, should not be anxious about those attachment suits against this newspaper. They have vanished—cleared out, as will the parties who placed them before the end, which is not yet.

It is not true as alleged that the McKinley bill is responsible for the raising of the bottom of strawberry boxes, or can it be justly blamed for the sudden "rise" in the aspirations of certain incipient statesmen. Neither the bottom of the box, nor the statesmen, will have any just cause of complaint against the McKinley bill if something drops.

BLAINE has an immense amount of diplomatic business on hand, and but little of it is easy of solution and adjustment. As matters now stand, he is probably one of the busiest men in the world, and to no individual is entrusted graver responsibilities. There is real comfort, though, in knowing that he is the best man we have for the position he occupies. With important questions confronting us as a Nation it is exceedingly fortunate for us, and for all concerned, that we have so capable a man officiating as Secretary of State. The situation is quite sufficient to tax the attention of the ablest diplomat of the world, and such is Blaine. That his course will be firm, courteous and honorable there is no room to doubt. In him the great mass of the American people repose the most implicit confidence, and throughout the civilized world his judgment is admired and respected. When he speaks or acts, nations and continents give attention. Great is Blaine.

THE ELECTION.

Thus far returns from the election of delegates to the Constitutional Convention have been highly satisfactory. It is not absolutely certain but highly probable that this important body will have a Republican majority. This estimate is made on the known returns of Yuma, Cochise, Pima, Yavapai and Pinal, and allowing Mohave, Apache and Coconino Democratic, with Gila and Graham uncertain. Moreover, it is not absolutely sure that Coconino will record itself solidly against progress and, in case of a tie vote, Dennis, of Mohave, will be incapacitated owing to having served in the last session of the Legislature. The victory for the Republicans is not so insignificant when the fact is borne in mind that the late legislature was a round two-thirds Bourbon. In Cochise, where Mark Smith ran ahead of George Cheyney nearly 200 votes at the late election, Cheyney is within thirteen votes of beating the same opponent, Pima, which sent three Democrats to the Territorial legislature, comes solidly Republican, and old Yavapai revises the record by sending a solid Republican contingent this time against four members Democratic and two Republican to the late legislature. Verily, the world moves. It becomes enlightened day by day, and in like proportion the Republican majorities increase.

ANOTHER TIN PLATE LIAR.

It has become tiresome beyond degree to call down the free trade tin plate liars on every occasion on which they make themselves ridiculous, but occasionally a too flagrant lie requires the attention of the Press. From the Springfield (Mass.) Republican one of the Democratic organs of New England, we clip the following editorial item:

Whether anybody in the country is making tin plate or not, it seems to be certain that those who say they expect to make tin plate have already formed a "temporary organization," by means of which prices will of course be maintained as far up as the double duty will allow.

The organization of tin plate manufacturers here last week was absolutely without the slightest tendency to any such thing as the *Republic* here alleges. There are half a dozen critical free trade journals—Cobden Club organs—in New York, whose reporters gave accounts of this meeting—shrewd reporters, too—and yet not one of them even so much as hinted at the formation of a trust to control prices. Only the diseased imagination of a Mugwump Ananias could have tortured the gathering into anything of the kind. But the Press respectfully calls the attention of this newest tin plate liar to the recent action of the Welsh tin plate makers in reducing hours of labor and putting up prices in order to "squeeze" their consumers in the United States. Under the circumstances why should not American manufacturers combine to prevent the "squeeze"? Of course the un-American *Republican* will sustain the Welsh "combine," while it lies about the American manufacturers, but let us know what reason there is for that course.

SECRETARY BLAINE has acted with prompt decision in ordering the seizure of the Chilean steamer *Etata* at San Diego. The steamer is apparently nothing more than a transport of the insurgents. There seems to be no doubt that she was violating the neutrality laws of the United States. The plan of her officers seems to have been to ship a large amount of supplies from San Diego, then to take on board a cargo of arms and ammunition from a schooner lying at Catalina Island, and then to transfer the whole lot to an insurgent war ship that was cruising back and forth outside.

Vigorous action of our Government will teach the Chileans that they cannot use the ports of the United States as a basis of operations for either side in their civil war.

The attempt on the part of certain premature persons to disturb the equanimity of THE REPUBLICAN are wasted. THE REPUBLICAN will be on deck, "vigorous, clear-cut and bright," as usual, when the above premature parties have passed hence—so to speak. Let this memorandum not be forgotten.

Cigar Makers Strike.

MANCHESTER, N. H., May 13.—All the members of the Cigar Makers Union of this city went on a strike today for an increase of wages to \$1.50 per thousand. It is probable the strike will be general in the State.
